

VASIL ORAKOV

Junior Web Developer

ABOUT ME

Talented software developer with experience in web applications. Consistent in delivering clean, error-free, reliable code to meet current or expected needs. Well-versed in software trends and confident in multiple languages, frameworks and programming tools.

Hobbies: Playing volleyball, reading books, gym and swimming.

PROJECTS

source codes on github

○ Feb 2024 - May 2024
Litify | Remote

Learning Project

- Project for selling and managing books online.
- The application offers real time reading, taken from the api's of the free library OpenLibrary.com

○ Nov 2023 - May 2024
Handbook | Remote

Learning Project

- Social media recreation of Facebook using SignalR for P2P communicating.
- The application taught me a lot about real-time communication and middleware.

○ May 2023 - Apr 2024
Modum | Remote

Learning project

- Online clothing shop with extended functionality for virtual try-on using Microsoft ML.NET, also including a ChatBot.
- My first serious project using ASP.NET Core, JS, Azure and more extended libraries such as Bootstrap5, Gulp and jQuery

○ May 2023 - Aug 2023
AdMart | Remote

Internship

- Project for selling and delivering ads on the web.
- Gained in-depth expertise in various coding languages, including C#, JavaScript, as well as in some frameworks such as Gulp.js, jQuery and Bootstrap
